

Roam up to 120m from your
home DECT telephone

Noise-cancelling technology

plantronics

You are free to walk, talk and work

C565™

Add handsfree wireless freedom by pairing with either a DECT™ phone for use at home, or experience site-wide roaming in DECT PBX equipped retail/ warehouse environment.

C565™

Add hands free wireless freedom by pairing with DECT™ phones for use at home – ideal for long conference calls or simply talking on the phone whilst multi-tasking, etc. In retail/warehouse environment already equipped with DECT PBX, site-wide roaming is possible. Two choices of wearing styles are available.

KEY FEATURES

- Wireless hands free solution for GAP compatible DECT phones
- Operates with enterprise DECT systems
- Discrete desk charger/headset holder
- Range: with DECT phones, up to 120m, 60m in typical office
- Range: with DECT cordless PBX, complete site roaming
- Answer/End, Mute and volume controls
- Up to 7 hrs talk time, 30 hrs standby time
- Choice of wearing styles; over-the-head, over-the-ear or behind-the-neck (optional accessory)

PAIRING WITH A DECT PHONE

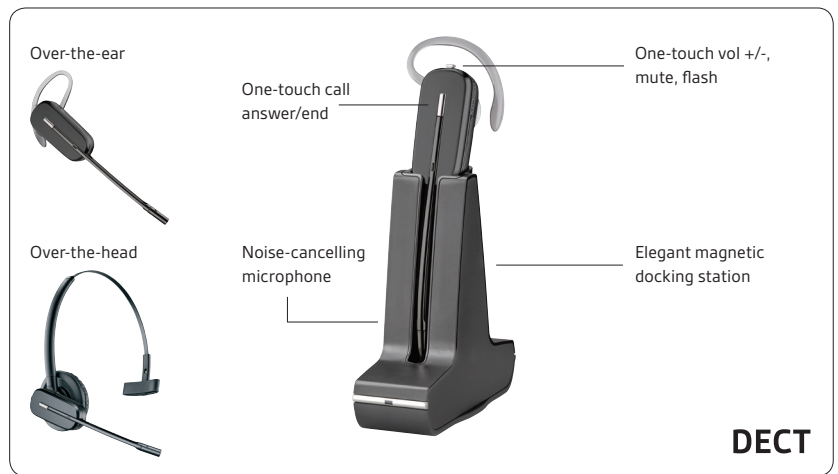

Simply put the telephone base into pairing mode (usually press and hold a dedicated pair button or other multi-function button such as page), then put the headset into pairing mode and they will automatically find each other and pair. These headsets work with most GAP compatible DECT bases including: Gigaset range, BT Diverse 6000 series; BT Diverse 7000 series; Panasonic KXT Series; Philips ID & CS Series and many more. For a full list of compatible DECT phones that these headsets can be paired with, see plantronics.com.
